Preface

On behalf of the International Society of Arthroscopy, Knee Surgery, and Orthopedic Sports Medicine (ISAKOS), we are proud to introduce a new edition of ISAKOS topical booklets. This booklet called ‘*Shoulder Concepts 2013: Consensus and Concerns*’, represents an international cooperation of experts surgeons and lead researchers in the field. This issue provides a state-of-the-art review on several shoulder key topics such as a thorough assessment of the shoulder classifications along with the management of acromio-clavicular joint disorders and rotator cuff disease. Fortunately, ISAKOS partnership with Springer publishing continues to grow and produce relevant topical booklets, and we are honored that we were given the opportunity to participate. Certainly, the present booklet will prove very resourceful to orthopedic surgeons treating patients with shoulder disorders. We are deeply indebted to ISAKOS, Springer, and the authors for the extraordinary commitment to achieve this fruitful publication. We look forward to many more successful topical booklets in the future.

Contents

Part I ISAKOS Shoulder Terminology Project; Preliminary Report; Classifications and Scoring Systems

1	Introduction	3
	Kevin P. Shea and Guillermo Arce	
2	A Review of Rotator Cuff Classifications in Current Use	5
	Paulo Santoro Belangero, Benno Ejnisman and Guillermo Arce	
3	ISAKOS Classification System for Rotator Cuff Tears	15
	Emilio Calvo and the ISAKOS Upper Extremity and Arthroscopy Committees	
4	Review of Current Classifications of Shoulder Instability	25
	Kevin P. Shea	
5	ISAKOS Consensus Shoulder Instability Classification System . . .	29
	Kevin P. Shea	
6	Outcomes Scores for Shoulder Instability and Rotator Cuff Disease	35
	Guillermo Arce and Kevin P. Shea	

Part II Copenhagen Consensus on Acromio-Clavicular Disorders

7	Copenhagen Consensus on Acromio-Clavicular Disorders	51
	Klaus Bak, Augustus Mazzocca, Knut Beitzel, Eiji Itoi, Emilio Calvo, Guillermo Arce, William B. Kibler and Raffy Mirzayan and the ISAKOS Upper Extremity Committee	

**Part III Buenos Aires Consensus on Rotator Cuff Disease:
Known Facts and Unresolved Issues**

8	Anatomy (Bone, Tendon, Bursa and Neurovascular Anatomy) . . .	71
	Felix Savoie, Eiji Itoi and Guillermo Arce	
9	Biomechanics	77
	Ben Kibler and Giovanni Di Giacomo	
10	Tendinosis, Impingement and Ruptures	81
	Klaus Bak, Eiji Itoi, Augustus Mazzocca and Tom Ludvigsen	
11	Arthroscopy and Repair	87
	Jaap Willems, Dan Guttman, Guillermo Arce and Greg Bain	
12	Augments and Prosthesis	95
	Felix Savoie III, John Uribe, Matthew Provencher, Francisco Vergara and Emilio Calvo
