

TABLE OF CONTENTS

INTRODUCTION 7

1. WHAT MAKES SWIMMERS FAST? 11

- Swimming 12
- Athletic Base 12
- Strength Training 13
- How Land-based Strength Training Encourages Swimming Speed 16
- Why Swimming is Not Enough 17
- More Benefits of Strength Training 18

2. MAKING STRENGTH TRAINING COUNT 21

- Transferability 21
- Adaptation 22
- Orientation 23
- Variation 25
- Over-Training 26
- Season Planning 28

3. THE SWIMMING MUSCLES 31

- Linking Muscle Movement 33
- Moving and Stabilizing 34
- What Connects Everything 38
- Take a Swimming Lesson from a Seal 39
- Under the Surface 42
- Key Muscle for Certain Strokes 45

4. STAGES OF DEVELOPMENT AND STRENGTH TRAINING 49

- Why this is Important 49
- At What Age Should Strength Training Begin? 50
- Specific Work for Specific Stages 51
- The Early Developer and the Late Bloomer 53
- Just Keep Swimming 57

5. LET'S GET SPECIFIC 59

- Types of Strength Training that Benefit Swimming 59
- Self-Resistance 59
- Where are the Push-ups? 69

Strength Training for Faster Swimming

Self-Resistance with Accessories	70
The Medicine Ball	77
Stretch Cords	82
Stretch Bands	84
Exercise Machines	86
Weights	88
Weight Machines	88
Free Weights	91
Shoulder Stabilization	94
6. THE FUNDAMENTALS	97
How Much and How Many?	97
Before or After Swimming?	99
Start Right	101
Warm-Up	102
Take it Easy on the Stretching	103
Cool Down	104
Form	104
Posture	104
Breathing	105
Control	105
7. ROUTINES AND CIRCUITS	107
Strength Training Routines	107
Strength Training Circuits	132
Shoulder Maintenance Routine	156
8. MEASURING PROGRESS	159
CONCLUSION	161
CREDITS	163
